- Plugging/electricity fees on terminal are invoiced separately
- Non-operating reefer (NOR) is considered as Dry Container.
- All local taxes / VAT are for account of the shipper.
- Shipper's own containers (SOC) are not subject to combined DnD and are subject to storage
- Shipper's Own Container is considered as equivalent to corresponding container type and cargo type. Examples: A Tank with Dry cargo follows terms of Dry equipment, while a Tank with IMO cargo follows terms of IMO.
- Calculation is progressive: in case free days are exceeded, lying costs are invoiced according to the Tier-group where the days used fall
- SPECIAL EQUIPMENT means the following types of container (20' and/or 40'): Open Top, Open Sides, Flat Racks, Flat Beds, Platforms, Insulated Dry Vans, Hangertainers, Bulktainers, Tank Containers, Pallet-wide Containers.
