

Customer Information

Low Water Surcharge - Amazon River (Import / Export)

Effective December 19, 2020

Dear Customer,

After a critical period, the water levels in the Amazon River are returning to normal.

Therefore, the Low Water Surcharge is suspended as from December 19, 2020 (loading date) for all deep sea cargo to / from Manaus (including Mercosul).

Thank you for your continuous support of our services.

Please do not hesitate to contact your local **Hamburg Süd** representative if you have any questions.

Best regards,
Hamburg Süd
